VOLUME CVI.---NO 136. ALEXANDRIA, VA., FRIDAY EVENING, JUNE 9, 1905. PRICE 2 CENTS.

When life's autumn comes, women, worn out by the burdens of motherhood, yet shrink from that second "change of life" which will banish these burdens forever. They fear a change in form, in feature, in personal attractiveness. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her.

Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescription" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or personal inability to enjoy life.

"Your 'Favorite Prescription' brought me safely through that difficult period, called 'change of life,'" writes Mrs. Mary Eusmiger, of 344 E. Ankeny St., Portland, Oregon. "This change made a very unpleasant disturbance through my entire system. I had hot and cold flashes, sick headaches, became excited, flustrated, nervous and irritable. My appetite was fitful and for days I was unable to eat a fair meal. My aunt recommended me to try Dr. Pierce's Favorite Prescription and it made a great change for the better. Within two weeks the unpleasant feelings had disappeared. I have a husband and eight children so have the care of a large family but was able to attend to my household duties without any difficulty and passed the period without any more trouble. I can recommend your 'Favorite Prescription' as a grand medicine for women."

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good" but don't let them substitute anything for "Favorite Prescription." It is absolutely unequaled.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer — weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

A CHINESE REFORMER.

Kang Yu Wei, of Canton, China, the greatest reformer of the Flowery Kingdom, who is an exile from that land, touring the world with a price of $100,000 on his head offered by the Dowager Empress of China, is at the Arlington Hotel, in Washington, with a retinue of retainers. He is now touring the United States, studying its government, institutions and industrial interests. In a few days he will go to Baltimore to consult with the branch of the Chinese Empire Reform Association in that city.

Kang Yu Wei in 1898 was forced to flee from China or have his head fall under the sword of the retainers of the crafty empress, who holds the reins of power. Kang is the president of the Chinese Empire Reform Association, which has branches wherever Chinamen are to be found throughout the world. He has inaugurated a propaganda to modernize and Americanize China.

This Chinaman is one of the most intelligent men of his race. He is the man who managed to bring his reform projects to the attention of the young Chinese Empesor during the "100 days' wonder"—the period in which the young Emperor was in charge of the Chinese Government. Kang's reform projects were too enlightened for the Empress Dowager, who returned to power and inspired the Boxer movement against the foreigners, Kang being forced flee on a British boat for his life, going to Hongkong. Since then he has been traveling over the world, wating for the psychological moment to return to China.

Kang says that he is in favor of restoring the young Emperor to power, then of reforming the government along the lines of the British parliamentary system. He is in favor of thoroughly modernizing China industrially by the introduction of electrical machinery, railways, telegraphs, public schools, technical institutions and by copying the best ideas of the outside world.

In the spring of 1904 Kang left Hongkong for Singapore, and proceeded by way of the Suez canal to Europe, where he has visited all of the Continental capitals. He went to England and then sailed for America, going by way of Montreal and Vancouver to Los Angeles and San Francisco before coming to Washington. After visiting Baltimore he will make an extended tour of the United States and then a tour of South America.

While astute diplomats and President Roosevelt are in Washington laboring zealously to capture the dove of peace, Kang is patiently biding the time when, after the inauguration of that peace, his movement will have reached the point of the restoration of the young Emperor and the initiation of reforms. Then, it is believed, he will play an important part in the political and industrial revolution in the Orient.

Arcanumites Troubled.

The various local councils of the Fraternal Order of the Royal Arcanum are warmly discussing the new rates of assessments for insurance benefits of the order recently agreed upon by the Supreme Council in Atlantic City.

The feeling is prevalent among Arcanumites that the Supreme Council should be asked to reconvene immediately and to provide some other plan of assessment.

Many letters have been published by members of the order criticising the action of the Supreme Council. The opposite view is taken by Harry Jones, who is perhaps the most prominent and influential Arcanumite among the 30,000 members of the order in Brooklyn. Mr. Jones, besides being a past regent, is a member of the Supreme Council which adopted the new rate schedule. He declares that members in the past have not paid enough for their insurance, and as it is to this cause that the order's financial troubles are due it is but just and right that the older members who have received the benefit of the mistake should now make up the deficit. He denies that the new rate scale will force most of the old members out, saying:

"Men at the age where the burden is heaviest cannot get insurance in other companies. If they are unable to meet the premiums the money will be furnished in most cases by friends and relatives."

On the Verge of Civil War.

The voice of the delegates of the Zemstvos and the municipalities demanding the immediate convocation of a national assembly to pass upon the question of peace or war, to heal internal strife and to unite the people for the rehabilitation of Russia will be heard in the address adopted by the all-Russian Zemstvo Congress, at Moscow which a deputation, headed by Count Hayden and M. Shipoff is bringing to present to the Emperor.

The document bids fair to become historic. The customary phrases of respect at the opening and the closing are omitted and it is otherwise unceremonious, employing the direct personal pronoun.

The address arraigns the bureaucracy and reminds the Emperor that his pledge to convoke a national assembly is slow of fulfilment. It says the country is on the verge of civil war, and even ventures to criticise a royal measure, contrasting the increase of the police power by the ukase issued last Sunday with a weakening of the administrative process which the country had been led to expect.

The address urges the summoning of a national assembly, that the war may become national or cease, and concludes with a solemn reminder of the sovereign's duty to God and the fatherland and a prayer for action before it is too late.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 355 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes:

Miss Cora Goode

Dear Mrs. Pinkham:—

"I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. Address, Lynn, Mass.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Quality vs. Quantity.

When you take Kodol Dyspesia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properities to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, JUNE 9, 1905.

A DELEGATION of German employers and operatives which visited this country last year made a study of the industrial situation in the United States, according to the San Francisco Chronicle, with a view of forming an opinion on what has been called in Germany, "the American peril." The delegation was received with the utmost cordiality in all the industrial establishments which it visited. Sufficient time was taken to go into the matter with German thoroughness, and a careful report was made and published. While the alertness and enterprise of American industrial leaders, the excellence of the machinery and the skill of the workmen were fully recognized, it was the opinion of the delegation that, so long as American industrial workers continued to have their present ill feeling toward their employers, Germany had nothing whatever to fear from America as a competitor in neutral markets. The workmen of the delegation returned fully convinced that their interests required them to work heartily with their employers to get the largest possible product from the facilities at their command. There is no doubt that the German visitors put their fingers on a weak spot of American industrialism and why the closest and most cordial relations should not exist tween the employer and employee is hard to explain, but that this is not the case as a rule is patent to all and it is feared that the spirit of antagonism is spreading. In any large establishment the output may vary as much as from 30 to 50 per cent. from time to time, according to the state of feeling among the men toward the management.

NOW AFTER various statements pro and con it is given out that there will be no extra session of Congress. Although the President has not made this announcement definitely, he has recently given a few members of Congress to understand that he feels that a regular session of Congress will be able to accomplish as effective work in railroad and other necessary legislation as an extra session. The President, it is now said, has heard the many arguments made for and against an extra session, and he has about come to the conclusion that the successful enactment of the right kind of legislation is not dependent upon an extra session. Many leading republicans have advanced strong arguments against an extra session, especially if it should be called in November, as has been contemplated for some time. They said that was too close to the regular sesson, and the few weeks gained in time could as easily be made up at the close of the regular session. The argument was further made that about as much harm as good was likely to come out of an extra session by reason of the injection of tarift and other qustions, and the President again changed his mind.

THE Quebec Legislature recently passed a law providing for a tax of $300 on all travelers coming into the Province of Quebec to sell goods for persons, firms or corporations having a residence or place of business in Canada. This law became operative on the first of June. A traveler paying this tax can represent as many firms as he chooses. The measure as applied to resident manufactures' agents was successfuly opposed, but the opposition to the tax on commercial travelers from other countries was overcome with the result that that measure becomes law as above stated.

BLESSINGS, like misfortunes, seldom come singly. Prince von Buelow, the German Chancellor, received notice on Monday that the amonnt of his inheritance under the will of the late Herr Godefroy, the Hamburg millionaire, is $1,375,000. This was the same day that Emperor William gave him his patent of prince. The prince was a comparatively poor man, relying almost wholly upon his salary as Chancellor and the allowances attached to his position.

AMBASSADOR TOWER appeared at the royal wedding in Berlin on Tuesday in the court uniform which he is said to have had the permission of the Department of State to wear in St. Petersburg. But it appears that less than forty years ago Congress prohibited the wearing of diplomatic uniforms, and the authority of the Department of State to suspend the law is not beyond dispute.

IT IS STATED that six hundred thousand cases of eggs have been put in cold storage in Chicago and a proportionate number in all other cities to prevent them from falling below the price fixed upon by the egg trust. The egg producers will receive but little of the rich harvest, which the trust will reap from the great mass of people who must pay the price.

THE CHILIAN government has presented to its Congress a motion to raise a loan of $20,000,000 for the construction of railroads throughout the entire country. These railroads will form part of the Pan-American Railroad. This investment will bring better returns to Chili than if the money had been spent in war ships.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 9.

President Roosevelt left Washington this morning at 11:15 for a week-end visit at the home of Mr. and Mrs. Joseph Wilmer, near Rapidan, Va. Mrs. Roosevelt preceded him there yesterday afternoon. It is the intention of the President to remain away from Washington until Sunday or Monday. While at Rapidan he will visit the farm recently purchased by Mrs. Roosevelt in that vicinity. The President was accompanied only by his stenographer and a secret service man. Secretary Loeb remains on duty at the White House. The President's principal reason for making the trip is to secure relaxation from the trying experiences of the past week in connection with his efforts to bring about an understanding between Russia and Japan. These tentative negotiations have now reached a critical stage, where the President fears they might be adversely affected by too much discussion in the public press. He has done all that could be done at this time, and now merely awaits developments as they may be worked out at St. Petersburg and Tokio. Under the circumstances he feels that by remaining away from communication with the public for two or three days no harm will be done, and some good might result. An unique feature of his trip is that for the first time since he became President he traveled in a regular Pullman car, occupying the drawing room. Heretofore he has always used a private car. The President's attire was as democratic as his new style of travelling. He wore a dark sack coat, light trousers with leather riding leggings, spurs, and a slouch hat.

For the first time since the Loomis-Bowen controversy arose the principals confronted each other today. The meeting which had some of the elements of the dramatic took place in the office of Secretary of War Taft. They were brought together for the purpose of listening to the testimony of W. W. Russel until recently U. S. Minister to Colombia but who is now under orders transferring him as Minister to Venezuela as the successor of Mr. Bowen. Secretary Taft proceeded to ask Mr. Russel the questions designed to bring out his knowledge of the facts and both Bowen and Loomis were permitted to cross examine the witness.

Attorney General Moody declines to discuss the report that Attorney Judson Harmon, of Cincinnati, and F. N. Judson, of St. Louis, have refused longer to serve in the investigation of the Sante Fe system to which work they were appointed several months ago. It has been persistently rumored that these attorneys had reported violations of the interstate commerce act against the Santa Fe and that they were dissatisfied because the Attorney General had declined to push the cases at this time.

Secretary Hay who sailed for New York from England yesterday on the Baltic is not expected to take up the duties of Secretary of State on his return. According to a letter received here he intends to remain in Washington only a few days for the purpose of consultation with the President, when he will proceed to his summer home at Lake Sunapee, New Hampshire. Whether he will resume active charge of the State Department portfolio next fall will depend entirely upon his physical condition at that time. It is understood that he has been advised by his physicians to retire altogether from public life, at least for the present.

Meeting of House of Bishops.

A special meeting of the house of bishops of the Protestant Episcopal Church was begun in New York yesterday and will be continued today. Its object is the election of a missionary bishop as coadjutor to Missionary Bishop Hare, of South Dakota. Nominations were made yesterday, and today, after a communion service, a vote will be taken. Up to the present time the Episcopal Church has never elected a coadjutor bishop, to assist a missionary bishop but the General Convention of the church at Boston last October passed a special canon to meet the case. Bishop Hare, who was consecrated in 1873, feels the weight of years, and in view of his eminent service it was felt that an exception should be made in his case.

Dr. Hardy opened fire on the mayor and Marshal White. The marshal returned the fire, and Dr. Hardy was shot twice, once in the head and once in the stomach, dying instantly. Mayor Goodman was shot in the arm by Dr. Hardy.

SUBMARINE SUNK.

As was stated in the Gazette, submarine "A—8" was lost off the breakwater at Plymouth, England, yesterday morning. She had on board 18 officers and men, including her regular crew and men who were in training. Fourteen of the number were drowned The others were picked up.

The disaster occurred while the "A—8" was proceeding to sea for practice, accompanied by another submarine boat and a torpedo boat. Three explosions were seen from the shore to occur on board the "A—8" which suddenly disappeared. Tugs and divers immediately proceeded to the scene.

One of the survivors who was interviewed said he was unable to explain the cause of the accident to the "A—8." He added that she suddenly dipped while her hatches were open, and that the boat immediately filled and sank.

This is the third submarine boat disaster in England within a little more than a year, the others being the "A—1," run down by a liner in the Solent, by which 11 officers and men were entombed in the bottom of the sea, and the "A—5," which sunk off Queenstown after an explosion, by which six of her crew were killed.

The boat lies in 18 fathoms of water. The first intimation of the disaster came from the boat herself signaling that she was submerged and could not come to the surface. A signal was received shortly before noon which said: "All right up to the present time." Diving parties immediately proceeded to the scene. Those who were saved were standing in the vicinity of the conning tower at the time of the disaster, and were picked up by a passing trawler.

The War in Manchuria.

The St. Petersburg correspondent of the London Standard says that the military authorities are astonished by the Japanese occupation of Omoso, midway between Kirin and Ninguta. It is not known whether the Japanese force came from Possiet bay or whether it forms part of the advance guard of Field Marshal Oyama's right. If it maintains its position, Gen. Linevitch's rear will be seriously threatened.

The report of the Japanese occupation of Omoso rests on the authority of a private dispatch from Manchuria received in St. Petersburg. Omoso is seventy-five miles east of Kirin, and commands the road to Vladivostok.

The St. Petersburg correspondent of the London Times regards the occupation of the place as a startling development, implying the severance of communications between Kirin and Ninguta, and placing the Japanese within striking distance of the railroad from Harbin to Vladivostok.

Imperial army headquarters at Tokio make the following announcement: "At 11:30 o'clock on the morning of June 7 a body of Russians, some 160 strong, advanced from the direction of Sumiaotsz, about a mile and a quarter east of Yinyipienmen, but were met and repulsed by us on an eminence lying north of that place. The enemy fled in confusion toward Nienylieo, seven miles northeast of Yinyipienmen. One soldier and two horses were captured. With the exception of skirmishes between scouts on both side there is no change to report elsewhere."

Whooping Cough in Jamaica.

Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has never failed to relieve in any case where I have recommended it, and grateful mothers, after using it, are daily thanking me for advising them." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

News has reached Fredericksburg of a criminal assault committed near Trueblue, in Orange county, on Miss Cora Schooler, the 18-year-old daughter of Mr. William Schooler. The young lady was returning home from a store, where she had made some purchases. While going through a clump of bushes she was waylaid by a masked white man, who flourished a pistol and told her he would kill her if she made an outcry. The man seized her, struck her a blow in the face, which rendered her partially unconscious, and then assaulted her. Her assailant made his escape. No arrests have been made. A young white man is under suspicion.

After two days' hearing before the agent of the State Board of Education, M. D. Hall, superintendent of schools for Fairfax county, the case involving the charges preferred by Rev. J. W. Ware against T. W. Hendricks, principal of the Culpeper Graded School, was closed in Culpeper yesterday afternoon so far as the testimony and argument of counsel are concerned. The decision now rests with Mr. Hall. The controversy arose over the whipping by Mr. Hendricks of 12-year-old Kennard Ware, son of Rev. J. W. Ware, rector of the Protestant Episcopal church at Culpeper. The whipping took place March 8 last, and the direct charge as set out in the complaint is that it was unjustifiably, wrongly and maliciously done.

SENATOR MARTIN.

Congressman Lamb, of the Richmond district, who was in Washington Wednesday, during a conversation with the correspondent of the Richmond News-Leader said:

"The political situation is in some respects a very complex one, and there is, of course, much speculation as to the outcome. As to the senatorial race I think that while the attack of Mr. Royall has injured Senator Martin, possibly in some instances, on the whole it has done his cause good. As a rule, there is nothing that will really help a man's cause like good advertising, and this is what Senator Martin is getting now. No, I don't think the attacks that are now being made on him will do any harm, and, on the contrary, in my opinion, ought to help him. Of course, you can't tell what the city vote of Richmond will do, but there is, in my mind, no doubt that Senator Martin will be largely in the lead in the country. His campaign is thoroughly organized and working harmoniously all over the State, and that counts for a great deal. In my mind the Senator will win out."

Congressman H. D. Flood, of the Tenth district, who is in Richmond, expressed the conviction yesterday that Senator Martin will be overwhelmingly re-elected to the United States Senate. Mr. Flood has been around in the valley considerably and says that the sentiment there is for Martin and that the Tenth district will almost certainly be for him.

Norwegians Want a Republic.

It is reported that the Norwegian government, in view of King Oscar's apparent definite refusal to consider the Storthing to place a prince of the house of Bernadotte on the throne, has privately approached the Danish royal family to ascertain if an offer of the throne would be received by a member of it, preferably Prince Charles, son of Crown Prince Frederick. The general opinion expressed in Copenhagen is that such an offer would be refused. According to reports from Stockholm, King Oscar may be induced to reverse his decision and favorably regard the offer of the throne for a member of his house.

Leading Swedish politicians are much divided over the question, which, it is understood, will not be definitely decided prior to the extraordinary session of the Riksdag.

Authoritative information received from Norwegian circles represents the majority of Norwegians as opposed to giving the throne to a prince of the house of Bernadotte. It is stated that if King Oscar should definitely refuse the throne for a member of his family, and that if the Danish royal family should likewise refuse to place one of its princes on it, Norway will become a republic, and that this is favored by the mass of the population.

Movements Toward Peace.

It is stated that, although he indicates a desire to learn Japan's peace terms, the answer of Emperor Nicholas to President Roosevelt's message of inquiry is in some respects unsatisfactory and shows no present desire to conclude hostilities.

President Roosevelt had among his callers yesterday Ambassador Jusserand, of France, Russia's ally; Ambassador Durand, of England, and Minister Takahira, of Japan, all of whom declined to to give even an intimation of the result of their conferences.

It is definely undertood that Japan does not propose to tolerate any interference, although she is not averse to the steps taken by neutrals in the direction of peace.

All interest in St. Petersburg centers upon President Roosevelt's maneuvers. In his course the President is fully sustained by Emperor William of Germany.

Today's Telegraphic News

Movement Toward Peace.

St. Petersburg, June 9, 3:30 p. m.—One of the highest Russian officials, who speaks with full authority, said to the correspondent of the Publishers' Press this afternoon that the movement for peace had begun. "We have not yet received Japan's terms," he said, "and until we do, it is impossible to say whether the war is drawing to an end. I can not say definitely, however, that an embryonic peace state has begun. We hope it will develop normally. The danger is in exaggerating such incidents as the interview of Ambassador Meyer of the United States with the Czar. The situation is so delicate that the slightest false move will disarrange the whole peace machinery."

Officials here are awaiting the outcome of the conferences being held by the Czar to consider the subject of peace and of the effort made by President Roosevelt toward accomplishing the much desired end.

A significant change is noticeable in the attitude of government officials toward America, indicating that the government is alive to the importance of the position which President Roosevelt has assumed in the peace question. The correspondent of the Publishers' Press hears friendly expressions of opinion as to the good faith of Washington in many quarters where a few days ago America was called Japan's ally. One official in an interview with your correspondent today said: "President Roosevelt is now almost the most important factor of the peace negotiations, as the Czar and the President are performing one of the most difficult feats of diplomacy ever attempted. President Roosevelt is conducting informal mediation negotiations with almost as much force as if he were an official mediator. There is no doubt that the President has broken the ice, but the question is whether a sudden coolness may develop at Tsarskoe-Selo which would be sufficient to freeze the opening again. I believe there is a fair chance of Mr. Roosevelt succeeding, for I know the Czar has faith in him, which is in itself a good augury. The status of the negotiations is being kept secret even from the highest officials at St. Petersburg. Only the Czar and a few of his most intimate advisers know definitely what is happening. Among those who know what is being done is Count Lamsdorff, the Foreign Minister, whose name just now is synonymous with peace."

London, June 9.—A special meeting of the Cabinet is being held this morning. This is the third time the Cabinet has been called together since Monday, and there is no doubt that the peace question is under discussion,

Following the Cabinet meeting, this morning, the French Ambassador, M. Cambon, went to Downing street, and called at the Foreign Office, where he was closeted with Lord Lansdown, the Foreign Minister, for some time. M. Cambon, upon his departure, declined to say whether peace had been discussed.

Russian Ships Interned.

Washington, D. C., June 9.—Secretary Taft today received the following cablegram from Governor Wright at Manila: "Russian warships did not leave harbor within the required 24 hours. As a result are now in custody of Admiral Train, who informed me that he has taken steps to intern them. They are now behind breakwater under the guns of the Ohio and Monadnock. He will disable their machinery and remove breech blocks of guns."

The Navy Department has been informed by Rear-Admiral Train, commanding the United States naval forces at Manila, that he has interned in that port the three Russian cruisers under the command of Admiral Enquist. Admiral Train reports that he has removed the breech-blocks from all the Russian guns and has disabled the machinery on the ships it so that it would be utterly impossible for them to put to sea.

The Navy Department this morning received the following dispatch from Rear Admiral Train, commanding the Asiatic fleet at Manila: "The Russian admiral has been notified that the forces under his command must be considered as interned after June 8th, noon. Disarmament going on by removing breech plugs. Engines disabled sufficiently for the purpose of internment. The Russian admiral, in accordance with the instructions of the Russian government, expressed his willingness to give his parole and the paroles of his officers and men not to engage in further operations of the war."

The War in Manchuria.

St Petersburg, June 9.—General Linevitch reports that the Japanese yesterday attacked the Russian vanguard. The Russians occupied Santziamoi and Tanngen, and drove the Japanese from Nanshanjahenza.

A report cabled from here by a news agency that, pending the peace move, an armistice has been practically declared, is ridiculed here. General Linevitch's report is pointed to as showing that active operations are still going on. It is not believed here that there will be any cessation of hostilities until peace is certain.

Another statement cabled from here that the government is plainly preparing the public for the announcement that the Emperor has decided to conclude peace is also a bad guess. There is no need to prepare the public for such an announcement. They want peace and have wanted it for some time.

France and Germany.

Paris, June 9.—The announcement that the Kaiser has issued a note to all the powers signatory of the Madrid convention asking for an international conference on the subject of Morocco, has fallen like a blow on France. A prominent official said today to the correspondent of the Publishers' Press: "We are amazed at the interpretation given by Germany to the Madrid convention, which had an altogether different bearing than the one assumed by the Kaiser. We have also been astonished at the dictatorial attitude assumed by Germany 35 years after our war is ended. But if we are summoned to choose between holding the conference or declaring war, under the present conditions, we will be obliged to submit, whatever we may think of the method of procedure."

Troops and Jews in Collision.

St. Petersburg, June 9.—Troops and Jews were in collision in Minsk, today. Two persons were killed and nineteen injured.

[Special Dispatch to the Alexandria Gazette.]

Richmond, June 9.—Lieutenant Governor Willard returned from Lynchburg today greatly pleased with his reception. He will speak at Fairmont tomorrow night and a large crowd, it is believed, will go from Richmond to hear him.

It is said that Mr. Ellyson will tender his resignation as State chairman, but the committee will not accept. If it is accepted Edward Echols, of Staunton, will succeed him.

Sea Serpeant.

Old Orchard, Me., June 9.—A real sea serpeant, old sea captains declare, lies dead upon the beach here. For more than 45 feet its sinuous body stretches in a long wave along the golden sands of Old Orchard. Scientists from Yale and Harvard are expected to arrive today and will attempt to classify the monster which floated in on the crest of Wednesday night's high tide Yesterday 3,000 people flocked to the shore unable to believe from others that the sea serpent, long a mystical, half legendary leviathan had proved a reality. The tail and the upper jaw are missing, but the lower jaw runs back fifteen feet, the tongue itself, more like a snake's tongue than that of an animall is 10 feet long, and as big as a man's leg, encased in a peculiar kind of bone. It is intended to make a cast of the body so far as possible and preserve the head for exhibition purposes. Dr. Henry Reynolds, who is considered an expert on sea life, says the monster was without doubt over 100 feet long, alive, and that it has evidently been dead for several weeks.

Attempted Assassination.

Rome, June 9.—An attempt was made to assassinate Canon Boniface today while he was standing in a window of his residence, in the town of Fanni, a suburb of Foggia. The would-be murderer was another priest who was jealous of Boniface because the latter had been promoted to be archpriest of the cathedral. He fired a revolver at Boniface, but missed his aim. The would-be assassin was arrested and taken to prison. The parishioners who take the side of the assailant, attempted to rescue him from the prison, and it was necessary for carbiniers to charge upon the crowds to drive them away from the prison.

Charged With Assault.

Hackensack, N. J., June 9.—William Fleck, night operator at Englewood for the Erie Railroad, was brought here and placed in jail this morning, under a commitment from Justice Ritzler, charged with having criminally assaulted Bella Merritt, of Demarest, N. J., who says she is 15 years old. According to the girl's story, the assault occurred on the night of May 17. She says she went to the station that evening and that Fleck, after locking the door of the station, assanlted her. Fleck is said to have confessed to the assault, but claims that he understood that the girl was of legal age.

Peaceful Revolution.

Stockholm, June 9.—The Crown Prince Gustave arrived here this morning, on his return from Berlin, and was received with great enthusiasm by the people. Crowds assembled on the streets as he drove toward the royal palace, and he was wildly cheered. The Swedish parliament, or diet, will be called together in the near future. The date now mentioned is June 26.

Christiania, June 9.—Following the peaceful revolution of June 7, the making of a nation is rapidly being accomplished.

Destructive Fires.

Buffalo, N. Y., June 9.—A dispatch from London, Ont., says the town of Rodney is on fire; that the flames are beyond control, and that assistance is being called for from neighboring towns.

Council of Ministers Ordered.

St. Petersbdrg, June 9.—It wss authoritatively announced today that the Czar has ordered the council of ministers to immediately examine and report on the scheme of Interior Minister Bulyguines for a representative assembly. Delegates to the zemstvos from the provinces arrived in the capital this morning. They intend going to the Rsarskoe-Selo to present an address to the Czar, requesting the immediate calling of a representative assembly.

The Czar's Thanks.

St. Petersburg, June 9.—The Czar has sent a telegram to Admiral Rojestvensky thanking him and the squadron under his command for their services to the country and to himself. In the message he says: "It was God's will not to give you success, but the country is proud of your courage." The message concludes with the words: "May God console all of us."

Rumored Appointments.

Paris, June 9.—It was reported in the lobbies of the Senate this afternoon that M. Clementel has been appointed to the portfolio of Minister of Finance in the Rouvier Cabinet and that M. Doumergue, who was a member of the Waldeck-Rousseau Cabinet, had been appointed to succeed Clemental as minister of colonics.

New York Stock Market.

New York, June 9, 11 a. m.—The first hour fluctuations were narrow and volume of business about the smallest of the hour. There was very little commission business. In government bonds the registered threes were ½ lower. There is very little which can be said about the stock market. It is very dull. The membership on the floor is small. The tone of the market shows a tendency to sag.

Writ Denied.

Albany, N. Y., June 9.—Justice Rufus W. Peckham, of the United States Supreme Court, today denied an application for a writ of error in the case of Mrs. Mary Rogers, of Vermont, convicted of the murder of her husband. The writ was applied for that an appeal might be made to the United States Supreme Court.

Royal Arcanum Affairs.

New York, June 9.—Discontent among the 307,000 members of the Royal Arcanum over the increased insurance rates of the organization has grown until within the last week or so several councils have adopted resolutions condemning the action of the governing board at its recent meeting in Atlantic City. That board which is known as the Supreme Council, authorizes a new schedule that will result in driving out many old members. The heaviest burdens, after the schedule becomes effective, on October 1 next will be borne by men more than 50 years old, and after the age of 65, the monthly payment for $3,000 insurance is fixed at $16.08. In general, the new rates are so much more attractive to young men, than to the old that the result, it is believe will be a weeding out of the aged and possibly a large increase in the ranks of the new "joiners." The latter outcome though is not expected by all the members, for there are many who say that young men are not going to enter an insurance arrangements which they may have to desert when they grow old.

Wed Kneeling on Love Letters.

White satin pillows containing all of their love letters were the cushions on which Miss Bessie Wyatt and John W. Jenkins knelt when they were made one in the Floyd Street Presbyterian Church, Lynchburg, Wednesday night.

Well filled cushions, they were, too, evidencing that the correspondence had been brisk before it culminated in matrimony A little boy and girl went up the aisle with the pillows ahead of the bridal party, and placed them just in front of the altar, which was composed of flowers. It is believed that other couples will follow the new fashion.

TELEGRAPHIC BREVITIES.

Proceedings were filed today in the United States Circuit Court, at Charleston, S. C., in the name of a stockholder of the Southern Railway to have the lease of the South Carolina and Georgia Railroad declared null.

It is thought at Montpelier, Vt., that the decision of Judge Peckham declining a writ of error for Mary Rogers, murderer of her husband, exhausts the last hope of saving the condemned woman's life, as it is not believed that Governor Bell will take further action in the case.

Lawyer Albert T. Patrick must pay the full penalty of the law for the murder of Millionaire Wm. Marsh Rice, in New York on September 23, 1900, the Court of Appeals handing down a decision this afternoon, refusing his motion for a new trial. Unless Governor Higgins should interfere, Patrick will have to go to the electric chair.

Lanra Williams, a negro girl, aged 14, was brought to Hackensack, N. J., this morning and lodged in jail on the charge of attempting to poison the children of Manola Ysern of Rutherford. The girl confessed that she put the poison in the tea and said she had done it out of spite on account of imagined grievances against the children.

The London Evening News says that a Hungarian chemist professor at the Brunn University, claims to have invented a liquid chemical compound which doubles the density of nearly every kind of stone, including granite, and rendering it perfectly waterproof. It is claimed by the professor that the compound, in addition imparts to all metals the power to defy oxygen and that no metal treated with it can rust. The compound is also germicide of unheard of power.

On First Battleground.

A large crowd will go from Richmond to Big Bethel Saturday to attend the unveiling of a monument on the first battleground of the civil war. A special train will take the visitors to Morrison, where they will disembark and go to Bethel in vehicles. A large number of veterans from Virginia and North Carolina will swell the attendance. Governor Montague yesterday granted the request of Capt. J. M. Forbes, of the Edgecombe Guards, of Tarboro, N. C., to bear arms in this State and to attend the exercises at Bethel. Governor Montague will attend with his staff.

The Philadelphia Record.

A Philadelphia merchant who spends hundreds of thousands of dollars every year for advertising was asked the other day what newspaper he considered the best medium through which to reach the public. His answer was unhesitatingly "The Philadelphia Record."

Then he went on to say: "I have used 'The Record' for many years—in fact, ever since I have been advertising, and I find that it brings me the best results. It isn't necessary to experiment with 'The Record.' The experienced business man realizes that the money he spends to reach the readers of that paper is money well invested. 'The Record' is read thoroughly. A great many people, men especially, make a practice of buying several newspapers during the course of a day. They glance over the pages casually to see if there is anything of particular interest, and then throw them aside But I have come to the conclusion from long observance that 'The Record' is the paper that is read thoroughly from beginning to end."

The growth of "The Record" is a gratifying tribute to the integrity of its methods. It is always fair and above board; it has nothing to conceal, and it is in every respect a model newspaper

WEATHER PROBABILITIES.—For this section fair, warmer tonight. Saturday showers; light to fresh variable winds, becoming southerly.

Cutting Affray.

Virgil Davis, son of Conductor Davis, of the electric railway, was seriously injured by several negroes on the old fair grounds about half-past nine o'clock last night. It seems that several negroes, who were running for some cause, collided with him, when young Davis became incensed and used some denunciatory language toward his assailants. The negroes became insolent, so much so that the young man struck at one of them, when four of the darkeys made a vicious attack upon him. They soon overpowered young Davis, and in the encounter inflicted a serious cut on his head and laid open both cheeks, the knife entering one side of his face and coming out on the other. His assailants then fled. The young man, bleeding profusely, was conducted to Mr. C. J. W. Summers's drug store, where he was accompanied by Officer Beach, and later Dr. Rittenour rendered surgical aid. The young man's injuries are of a serious nature.

Later in the night acting Lieutenant Roberts and Officers Knight, Ferguson, Smith and Nicholson arrested James Price, David White and Robert Dewey on suspicion of being Davis's assailants. They were arraigned in the Police Court this morning, but their victim being unable to appear, the case was continued.

St. Paul's Church Choir.

Next Sunday, being Whitsunday, the choir of St. Paul's Church will render a special programme including at the morning service Schnecker's Festival Te Deum in B flat; Corbin's Festival Jubilate in E flat, and at the offertory "O For a Closer Walk with God," by Foster. The evening service will be choral, including the anthems "Come Holy Spirit," by Millard; "Barnby's King all Glorious," and Magnificat and Nunc Dimittis in B flat by Simper; hymns appropriate for the day. The solos will be sung by Miss Graves, Mrs. De Dier, Miss Jett and Messrs. Leaman, Maddox, Franklin and Wirt. At the evening service the choir will be assisted by Miss Edna Scott-Smith, Mrs. Raymond Hulfish and Mr. William Clabaugh, who will sing "And God Shall Wipe Away All Tears," from Sullivan's "Light of the World;" Millard's "Come Thou Fount of Every Blessing," and "It is Enough," from Elijah. The offertory at the morning service will be for the Mission of the Good Shepherd on lower Fairfax street, and the evening service for the music fund.

The Carnival.

The largest crowd of the week attended the Jones-Adams Carnival on the old fair grounds last night. All of the attractions were crowded and the shows were well worth the price of admission. A new attraction has been added—a man said to be the heaviest man in the world, weighing 622 pounds. Undoubtedly the best attraction on the grounds is the moving picture machine showing the views of a "bold bank robbery," the "Chicago strike" and "personal." These pictures are of large size and there is no jumping of the lights to hurt the eyes. The illustrations are thoroughly explained by a lecturer. There are no fake exhibitions allowed, and any one not satisfied will have his money returned. The carnival will remain here but two nights longer, and those who have not visited it should avail themselves of the opportunity afforded before the close of the week. The exhibition, as has been stated, is under the auspices of the Alexandria Light Intantry.

Police Court.

[Justice W. H. May presiding.]

The following cases were disposed of this morning:

John Dogan, colored, arrested by Officer Nicholson charged with assaulting Bertie Washington, was fined $5.

Two white men, arrested by Officer Nicholson charged with disorderly conduct and abusive language, were fined $5. each.

Lucinda Jackson, colored, arrested by Officer Bettis charged with abusive language, was fined $2.

Edward Malcolm and James Henry, arrested by the same officer charged with disorderly conduct, were fined $5 each.

James Price, David White and Robert Dewey, all colored, arrested by acting Lieutenant Roberts and Officers Knight, Ferguson, Smith and Nicholson on suspicion of assaulting and cutting Virgil Davis, had their cases continued.

Ten negroes (eight men and two women) arrested by acting Lieutenant Roberts and Officers Knight, Ferguson, Lyles and Allen charged with disorderly conduct, were fined $2.50 each.

Pleasant Excursion.

The complimentary excursion yesterday evening of Alva Aerie, Fraternal Order of Eagles, to Marshall Hall, was, as had been anticipated, a very pleasant affair. The committee in charge had anticipated everything that could add to the pleasure of their guests, and the many who went on the excursion had a pleasant experience. The steamer Charles Macalester stopped here shortly after seven o'clock and took the guests aboard. The wharf was densely crowed with the excursionists and their friends.

Accident to a Train.

What is known as the milk train of the electric railroad was derailed near Arlington junction while on its way to this city between 7 and 8 o'clock last night. The cars ran over a brick which was on the track, which raised one side of the motor car from the rails and threw the baggage car, which is of lighter construction, from the track. Baggagemaster Shirley had one of his ankles badly sprained by the accident. The cars were soon replaced upon the rails, after which traffic was resumed.

A Change.

On and after the 15th inst. engineers of the Southern Railway upon arriving in Washington will turn their locomotives over to other employees of the road instead of bringing them back to this city, as at present. The engines will be prepared for the different runs by men in Washington, which point will be the terminal.

Writ of Habeas Corpus.

J. P. Brewer last night swore out a writ of habeas corpus for the possession of his daughter, Ina E Brewer, who, he claims, is held unlawfully by F. E. Thomas and wife, of the Jones-Adams Carnival Company, now exhibiting on the old fair grounds in this city. The woman is said to be twenty-two years of age, is thirty-two inches in height, weighs twenty-seven pounds and wears a number five shoe, baby size. The writ was returnable before Judge Barley at 2 o'clock this afternoon. Brewer is represented by Mr. L. H. Machen.

When the case was called this evening it was stated that Mr. Machen was unavoidably detained at Manassas, where upon the case was continued till 9:30 o'clock tonight.

Jewish Feast.

Today is known in the Hebrew calendar as Shebuoth, the Jewish feast of Pentecost. It is a joyous festival that commemorates the giving of the law on Mount Sinai, and is one of the most beautiful and happy of the feasts of the synagogue. A beautiful portion of the services of the day is the ceremony of confirmation, which is always most solemn and impressive. Services appropriate to the occasion were held in the synagogue in this city last night.

Ten Negroes Fined.

Acting Lieutenant Roberts and Officers Knight, Ferguson, Lyles and Allen last night arrested ten negroes—eight men and two women—who were in a small frame house in the northwestern part of the city acting in a disorderly manner. The inmates of the house, it is believed, were under the influence of cocaine, judging from their demeanor. The prisoners were arraigned in the Police Court this morning and fined $2.50 each.

Personal.

Mr. Elvin C. Schneider, of this city was among this years graduates in medicine at Georgetown College.

Dr. E. P. McLean of the U. S. Internal Revenue Office of this city is seriously ill at the Alexandria Hospital.

Mr. Herman Meyer, of Germany, is on a visit to his uncle, Mr. Justus Schneider.

Miss Pauline Nicol, daughter of Judge C. E. Nicol, is quite sick at her home at Manassas.

Upheaval of Street.

The vitrified brick roadway on King street between Washington and Columbus was disturbed early this afternoon from the electric railway track almost to the curbstones on the south side, and the pavement for a distance of about ten feet was elevated to a height of nearly two feet. It was at first supposed to have been caused by sewer gas, although this is denied by some, and the matter seems a mystery.

Death of Eugene de Bocande.

S. Eugene Charles Albert de Bocande, general manager of the French Line Steamship Company, died at his hotel in Philadelphia yesterday aged 52 years. He had been ill for some time. Mr. de Bocande was a Frenchman and well known in this city. His first wife was Miss Cora Henderson and some time after her death he married her sister, Mrs. Ada Henderson Thomas.

Epiphany Parish Excursion.

The annual excursion of Epiphany Parish Sunday-schools, of Washington, will take place at Marshall Hall tomorrow. The boat will stop at this place at 10:20 a. m. and 2.50 and 7 p. m. Returning will stop here at 12:30, 4:30, 8 and 10:30 p. m.

The Columbia Theatre.

Messrs. Luckett and Dwyer, managers of the Columbia Theatre in Washington, during the spring and early summer have presented a number of special attractions to the theatre going public and will so continue during the remainder of the summer season. The fifth sucessful week of the summer season begins at the Columbia, next Monday evening, June 12th. On this occasion the piece selected for presentation will be that delightful comedy, "The Masked Ball." This play was adapted by Clyde Fitch and used with great success by Mr. John Drew when Miss Maude Adams was his leading woman. Miss Adams made the first distinct success of her career in the character of Suzanne Blondet in this play. One scene in particular where Suzanne has been indulging a little too freely in the cup that cheers, was played in such a charming, refined manner by Miss Adams, that it has never been forgotten by those who were fortunate enough to have seen it. It was the intention of Miss Maude Adams to revive "The Masked Ball" for presenttation this past season, but the revival of "The Little Minister" proved so successful that no other play was needed. It is written in a much lighter vein than any of the previous productions presented thus far by the popular organization which has been furnishing such delightful entertainments. The play is a breezy, bright, sparkling comedy, full of witty lines and clever situations and should come like a refeshing breeze after the heavier more serious plays. Mr. Guy Standing, who will play the part originated by Mr. John Drew, will have an opportunity to show his host of admirers what a splendid comedian he can be. Thus far his parts have been of a serious nature, but next week he will have a fine opportuuity to display his versatility. Miss Charlotte Walker has already followed in the footsteps of two of our best female stars in "Mrs. Dane's Defense" and this week in "Sowing the Wind," and certainly compared most favorably with them. Next week we will have to stand comparison with America's foremost actress, Miss Maude Adams, but it is safe to predict that she will not fall short of the demands of the part. That splendid actor, Mr. Fuller Mellish, will again be seen to advantage, as will that delightful actress Miss Jeffreys Lewis. Other favorites of this company who will have important roles are Miss Louise Galloway, Miss Ina Hammer, Mr. John Dean, Mr. George Gaston and Mr. Sheffield. The play is in three acts and it will be staged in an elaborate and complete manner and will compare in every way with the original presentation. The advance sale of seats has reached large proportions and the indications are that good sized audiences will be on hand each night to greet this popular organization.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine," For sale by Gibson & Timberman and W. F. COLDREN'S GUM Elevates the Standard of the Mason Jar.

Read Carefully

By using Coldren's Extra Heavy Jar Gums you need no wrench to close or open your jars, consequently there will be no broken cap linings or tops of jars.

See that the edge of the cap is smooth and even, then screw it down with your hands (use no wrench,), and when the time comes to open the jar, pull the gum by the lip and it will easily slip from under the cap.

These rings are made double thick and of an A-1 quality, hence we guarantee they will stay in position under the edge of the cap when placed in use, which is not the case with many of the cheap and thin cut goods. Try them and you will be convinced.

AUCTION SALES.

IMPORTANT! RARE OPPORTUNITY!

SALE OF DESIRABLE LOTS, PARCELS AND TRACTS, SOME IMPROVED WITH HOUSES AND OTHER BUILDINGS, AND OTHERS UNIMPROVED BUT SUITABLE FOR BUILDING AND OTHER PURPOSES, AT

POTOMAC CITY, Quantico, VA.,

MONDAY, JUNE 19, at 1:30 p. m.

TAKE NOTICE—The sale is to take place at Potomac City, NOT AT MANASSAS. Sale was originally advertised for Manassas, but has been postponed to June 19th in order that it may take place AT POTOMAC CITY, where property is situated.

BY VIRTUE OF A DECREE OF THE Corporation Court of the city of Alexandria, Virginia, rendered on the 7th day of November, 1904, in the chancery cause of Solomon Myers and Isodore Myers, executors of Lewis Myers, deceased, vs. Max Lansburgh and others, the undersigned special commissioners of sale, will on

MONDAY, JUNE 19, 1905,

at 1:30 p. m., at POTOMAC CITY (QUANTICO), VA., sell at public auction so much of the right, title, interest and estate of the defendant, Max Lansburgh, in and to that valuable and extensive domain situated in the county of Prince William, State of Virginia,

FRONTING ON THE POTOMAC RIVER, AT POTOMAC CITY (QUANTICO), VA.,

described as containing 4,264 acres, more or less, and bounded on the north by Quantico creek, on the south by Chappawamsic creek and on the west by the telegraph road, together with all rights and appurtenances there to belonging or in any wise appertaining, as may be necessary to satisfy the amount of the said decree in favor of the plaintiffs against the said Max Lansburgh; to-wit, the sum of $2,741 77, with interest on $2,473 66, part thereof, from March 6, 1900, and on $268.11, the residue thereof from October 4, 1901, until paid, and the costs of this suit and of sale.

Terms of Sale—One-third of the purchase money in cash on the day of sale and the residue in two equal installments at six and twelve months from the day of sale, the deferred installments to bear interest at the rate of six per cent. per annum from the day of sale until paid, and the title to be retained until the full payment of the purchase money. The purchaser or purchasers may at their option pay all in cash. All conveyancing to be at the cost of the purchaser or purchasers.

Although the holdings of defendant, Max Lansburgh, are subject to the contingent dower right of his wife in the equity of redemption, and subject also to the rights of W. A. Wimsatt under a certain agreement bearing date February 9, 1904 and March 4, 1904, respectively, and the deed made in pursuance thereof, recorded among the land records of Prince William county in liber 52, page 323, and consequently, should it be necessary to sell the entire holdings of Mr. Lansburgh, the sale would have to be subject thereto; yet the commissioners will be in a position to give good titles to individual lots, parcels etc., without encroaching upon the bulk of the domain, because, in the first place, resort would after such sales have to be made in respect of said contingent dower interest to the remaining bulk of the domain thus relieving the individual lots, parcels &c. and, in the second place, the rights of W. A. Wimsatt are expressly subject to a release by him of his liens when individual lots, parcels etc., without encroaching upon the bulk of the domain, and without interference with his timber cutting, are sold.

In conductinng the sale, therefore, the commissioners will first proceed to offer individuals lots, parcels etc, as follows:

Church and schoolhouse together with half acre of ground;

Two 2-story 7-room dwellings, very desirable;

Four 1-story dwellings, containing, respectively, 2, 3 and 4 rooms;

One store-building, one story;

An exceptionally large 2-story dwelling in addition to the the two already mentioned;

One combined stable and barn;

Numerous valuable building lots;

"M. Turner Tract" of 32 acres;

"T. Turner Tract of 40.25 acres:

"Dowell Tract" of 40 acres;

"Maddox Tract" of 48 acres;

"Downer Tract" of 57.75 acre;

"McNair Tract" of 70.12 acres; etc. etc.

This is a great opportunity to buy homes and build homes in the eastern section of the county, with excellent railroad facilities, and all the advantages of the water facilities afforded by the Potomac river which are the more available at Potomac City on account of the depth of the channel at that point.

JAMES R. CATON,
J. B. T. THORNTON,
Commissioners of Sale.

I, John S. Beach, Clerk of the Corporation Court of Alexandria, do certify that James R. Caton has executed bond with approved surety as required by the above decree.

FRIDAY EVENING, JUNE 9, 1905.

Sixty Men Arrested.

Sixty members of the local branch of the National Structural Iron Workers and Bridge Builders' Union were locked up in a station house in Philadelphia last night pending the solving of a mystery surrounding the probably fatal shooting of one of the members of the organization The victim's name is Edward Joyce, of Washington, D. C. He is in a dangerous condition, but refuses to tell the name of the man who shot him. There was a meeting of the union last night, which Joyce attended. How the shooting occurred and who did it has not yet been definitely determined. As none of the members of the union would disclose the name of the man who fired the shot at Joyce, the police decided to lock up all the men found in the meeting-room and hold them until they learn who did the shooting. The police believe there was a quarrel between Joyce and a doorkeeper. The members at the meeting were examined separately, and while some of them admitted that they knew who did the shooting, they refused to tell who did it.

A Bride's Debt at Whist Luncheon.

A young bride was invited to a bridge whist luncheon, and, after spending a delightful afternoon, was told by her hostess that she was in debt $75, says the New York Times.

Mrs. ——, unaware that she had been playing for money, was horrified at the idea of having to ask her husband for the necessary amount.

She mournfully confided her woes to him, and he immediately wrote a check for $76.50 and sent it to the hostess.

The hostess, believing that a mistake had been made, informed him that he had sent $1.50 too much.

Mr. ——, however, returned it, with the curt statement that the $75 settled the bridge score and the balance was for his wife's luncheon.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.
